

Call for Participation

We invite you to join us in **10th International Conference of Managing Information Technology (CMIT 2022)**

This conference will act as a major forum for the presentation of innovative ideas, approaches, developments, and research projects in the areas of information technology and management. The Conference focuses on innovative ideas and best practices in using IT to advance organizations – for-profit, non-profit, and governmental. The goal of this conference is to bring together researchers and practitioners from academia, government and industry to focus on understanding both how to use IT to support the strategy and goals of the organization and to employ IT in new ways to foster greater collaboration, communication and information sharing both within the organization and with its stakeholders. The International Conference of Managing Information Technology seeks to establish new collaborations, new best practices, and new theories in these areas.
